what is a humanist after an introduction to the earliest ideas of and terms for humanism in the ancient world noted humanist nicolas walter explores the history of humanism and its evolving definitions from the time of the original appearance and first meanings of humanist in the italian renaissance concluding with a manifesto of modern humanism drawing on personal experience and information from more than 400 sources this is the first full length treatment of the subject

the sunday times bestseller we all want to lead a happy life traditionally when in need of guidance comfort or inspiration many people turn to religion but there has been another way to learn how to live well the humanist way and in today s more secular world it is more relevant than ever in the little book of humanism alice roberts and andrew copson

share over two thousand years of humanist wisdom through an uplifting collection of stories quotes and meditations on how to live an ethical and fulfilling life grounded in reason and humanity with universal insights and beautiful original illustrations the little book of humanism is a perfect introduction to and a timeless anthology of humanist thought from some of history and today s greatest thinkers

born out of a love of language text classical learning art philosophy and philology the christian humanist project lasted beyond the turmoil of sixteenth century europe to survive in a new form in post reformation thought jonathan arnold here explores the finest intellects of late renaissance europe providing an essential guide to the most important scholars priests theologians and philosophers of the period now collectively known as the christian humanists the great humanists provides an invaluable context to the philosophical political and spiritual state of europe on the eve of the reformation through inter related biographical sketches of erasmus thomas more marsilio ficino petrarch johann reuchlin jacques lefevre d etaples and many others the legacy of these thinkers is still relevant and widely studied today and this book will make invaluable reading for scholars and students of philosophy and early modern european history

this volume explores the challenges that humanists face from hostile religious traditionalists on its right flank and from the political antihumanism which is often postsecular of critics on its left flank given this dual challenge how can secular humanism educate sustain and reproduce itself

what does it mean to be a humanist is humanism a new idea how do people live their lives without religious beliefs the first of its kind aimed at the new curriculum for upper primary and lower secondary school children this book examines how humanists respond to fundamental questions about morals and ethics the origins of life religion and the state it looks at how humanists mark the milestones of birth marriage and death how do people without belief in god live moral and fulfilled lives with respect for humankind and the universe this thought provoking approach encourages readers to think about the big questions for themselves the book includes contributions from a number of prominent humanists such as stephen fry camila batmanghelidjh philip pullman jim al khalili natalie haynes and shappi khorsandi who explain their own philosophy and tell us what is important to them part of the groundbreaking and important and other big questions series which offers balanced and considered views on the big issues we face in the world we live in today other titles in the series include what is feminism why do we need it who are refugees and migrants what makes people leave their homes

humanists and reformers portrays in a single expansive volume two great traditions in human history the italian renaissance and the age of the reformation bard thompson provides a fascinating survey of these important historical periods under pressure of their own cultural social and spiritual experiences exploring the bonds that held humanists and reformers together and the estrangements that drove them apart writing for students and

general readers thompson offers a comprehensive account of all the major figures of the renaissance and the reformation probing their thoughts aspirations and differences accentuating the text are illustrations that provide a stunning panorama of the personalities art and architecture of these key historical periods

this collection of humanist readings of simone de beauvoir s work is a novel contribution to contemporary research on beauvoir and a defense of the importance of the humanities it demonstrates the significance and value of humanistic research through the work of beauvoir and argues that the reception and influence of her works demonstrate the transformative potential of humanistic research organized around three topics each chapter ascertains beauvoir s relation to the humanities and the humanist tradition the first group focuses on beauvoir s interdisciplinary methodology and critical thinking the second on her ethics of freedom and the construction of values the last section explores how beauvoir uses literature as a laboratory for developing her ideas on human interaction the chapters can be studied as independent essays or read together as a whole simone de beauvoir a humanist thinker reveals new and previously unexplored dimensions of beauvoir s work by exposing her as a significant and inspiring humanist thinker this volume attests that beauvoir s works continue to offer conceptual tools and insights enabling readers to critically analyze their own situation in today s world where religious fanaticism and totalitarian ideologies are gaining ground humanist values and humanistic research are more important than ever

aging is a topic of growing interest as life expectancy in western societies is increasing the growing number and proportion of elderly persons raise urgent questions on how to age well predominantly questions on aging are taken from biomedical and economic paradigms which are intertwined while people of age are seen as a cost in society biomedical research aims at curing the declining effects of aging thus furthering ideals of healthy aging active aging or successful aging in this book peter derkx offers a comprehensive account of meaningful aging with anthony pinn responding in a fruitful and constructive way for the benefit and edification of all of us

a picture of representative humanists of the quattrocento based on manuscript material in the florence state archives originally published in 1963 the princeton legacy library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905

this fast paced and well documented analysis of the government s steady march away from god will either thrill or anger you depending on your worldview for those of us who acknowledge the creator of the universe as our god savior and lord this document tends

to stir up both the sadness at the exponential slippage from our foundations as a country and a challenge to stand strongly and openly against the growing intensity of those who would remove religion from america the nations rage sometimes and imagine a vain thing but he who sits in the heavens shall laugh mr frater has done a wonderful job of tracing the humanist movement from its early inception and its subtle and damaging impact on our nation over the decades all serious students of history and those of kingdom concern should avail themselves of his work henry m morris iii chief executive officer institute for creation research george frater b s m s m a ed s retired quality assurance quality control coordinator air monitoring department environmental protection commission hillsborough county florida education wisconsin state b s agriculture biology and chemistry minors iowa state m s poultry nutrition and vanderbilt m a and ed s biology taught science in brandon high school in hillsborough county and in pillsbury baptist bible college minnesota ran the cancer research center tissue culture lab at vanderbilt hospital nashville served bible science association on the national board of directors b sa middle tennessee chapter as president floridians for the accurate complete teaching of science as president current membership creation research society an organization of scientists creation studies institute contributing writer frater became alarmed at the number of christian students lured into believing the humanistic teaching in public schools and decided to arm them with facts from the past that would help them remain steadfast in their faith

the humanist world of renaissance florence offers the first synthetic interpretation of the humanist movement in renaissance florence in more than fifty years

feminism and atheism are dirty words that americans across the political spectrum love to debate and hate throw them into a blender and you have a toxic brew that supposedly defies decency respectability and americana add an unapologetically black critique to the mix and it s a deal breaking social taboo putting gender at the center of the equation progressive religious nones of color are spearheading an anti racist social justice humanism that disrupts the colorblind ethos of european american atheist and humanist agendas which focus principally on church state separation these critical interventions build on the lived experiences and social histories of segregated black and latinx communities that are increasingly under economic siege in this context hutchinson makes a valuable and necessary call for social justice change in a polarized climate where black women s political power has become a galvanizing national force

understanding humanism is an easy to read and informative overview of the beliefs practices and values of humanism as a non religious worldview this short and lively book explores humanism both as a broad historical tradition of thought and as a stance embodied in organised institutions it sets out clearly and systematically the beliefs and values of humanism as well as the reality and personal experience of living as a humanist today questions discussed in this book include how do humanists see the relation between science and religious belief is humanism wedded to science as the only valid form of knowledge what value do humanists place on the arts and can they value religious

art does the emphasis on human responsibility depend on an untenable belief in free will and is this undermined by psychology and neuroscience do humanists think that life is sacred what account would humanists give of the basis of human rights and why they are important does humanism entail that human life is meaningless and pointless can humanists meet the challenge of nihilism understanding humanism provides a reliable and easily digestible introduction to the field by exploring these questions and inviting readers to engage with the arguments it serves as the ideal textbook for those approaching the topic of humanism for the first time

this book will introduce digital humanists at all levels of education to python it provides background and guidance on learning the python computer programming language and as it presumes no knowledge on the part of the reader about computers or coding concepts allows the reader to gradually learn the more complex tasks that are currently popular in the field of digital humanities this book will be aimed at undergraduates graduates and faculty who are interested in learning how to use python as a tool within their workflow an introduction to python for digital humanists will act as a primer for students who wish to use python allowing them to engage with more advanced textbooks this book fills a real need as it is first python introduction to be aimed squarely at humanities students as other books currently available do not approach python from a humanities perspective it will be designed so that those experienced in python can teach from it in addition to allowing those who are interested in being self taught can use it for that purpose key features data analysis data science computational humanities digital humanities python natural language processing social network analysis app development

this book codifies describes and contextualizes group rituals and individual practices from world religious traditions at the interface of religious studies psychology and medicine it elucidates the cultural richness of practices and rituals from numerous world religions the book begins by discussing the role that religious rituals and practices may play in the well being of humans and the multi dimensional cultural and psychological complexity of religious rituals and practices it then discusses rituals and practices within a number of religions including christian islamic jewish buddhist taoist sikh hindu confucian and other traditions there is a need for a more inclusive collection of religious rituals and practices as some practices are making headlines in contemporary society mindfulness is one of the fastest growing psychological interventions in healthcare and yoga is now practiced by tens of millions of people in the u s a these practices have been examined in thousands of academic publications spanning neuroscience psychology medicine sociology and religious studies while mindfulness and yoga have recently received widespread scientific and cultural attention many rituals and practices from world religious traditions have remained underexplored in scholarly scientific and clinical contexts this book brings more diverse rituals and practices into this academic discourse while providing a reference guide for clinicians and students of the topic

humanists have been a major force in british life since the turn of the 20th century here

leading historians of religious non belief callum brown david nash and charlie lynch examine how humanist organisations brought ethical reform and rationalism to the nation as it faced the moral issues of the modern world this book provides a long overdue account of this dynamic group developing through the ethical union 1896 the rationalist press association 1899 the british humanist association 1963 and humanists uk 2017 humanists sought to reduce religious privilege but increase humanitarian compassion and human rights after pioneering legislation on blasphemy laws dignity in dying and abortion rights they went on to help design new laws on gay marriage and sex and moral education internationally they endeavoured to end war and world hunger and with humanist marriages and celebration of life through humanist funerals national ritual and culture have recently been transformed based on extensive archival and oral history research this is the definitive history of humanists as an ethical force in modern britain
